

Try our famous Comfort test

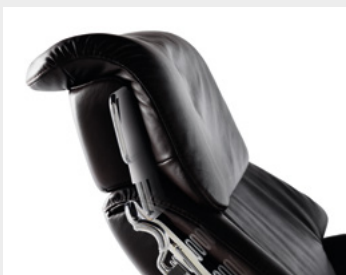

and see why you have to experience the magic of comfort for yourself

The ultimate sensation of comfort is individual and personal to everyone. Everyone has different needs, and that's exactly why we encourage all our customers to try a Stressless® so that you can find a recliner of the right size that suits your own personal tastes. We guarantee this will be time well spent. After all, a Stressless® recliner is an investment that you'll go on enjoying for many years to come.

- Can you adjust the headrest so that it lies flat when you recline? ☐
- Is your head supported comfortably as you lie down to read or watch TV? ☐
- Do you feel that the seat back reclines sufficiently? ☐
- Does the chair provide good lumbar support in all positions? ☐
- Does the recliner feel robust and safe? ☐
- Does the gliding movement smoothly adjust to the weight of your body? ☐
- Are the height and width of the chair right for you? ☐
- Are you aware of how your entire body relaxes? ☐
- Is the ottoman positioned in the right place to give you maximum leg support? ☐
- Do the chair and ottoman move with you as you change position? ☐

For unbeatable comfort, set the Stressless® wheel once and then adjust your sitting position simply by suing your body weight.

Anatomically correct lumbar support in all positions - synchronises with the neck support function as part of the Stressless® Plus™ system.

The patented Stressless® Plus™ system automatically adjusts the headrest as you recline - supporting your neck while you read, watch TV and rest.

The sleep function is activated with one simple movement to lay the headrest flat.
